## AMENDMENTS TO THE SPECIFICATION

Please amend the Specification as follows:

On page 33, lines 16-24

The term "computer-readable medium" as used herein refers to any medium that participates in providing instructions to processor 1004 for execution. Such a medium may take many forms, including but not limited to, non-volatile media, volatile media, and the like ~~transmission media~~. Non-volatile media includes, for example, optical or magnetic disks, such as storage device 1010. Volatile media includes dynamic memory, such as main memory 1006. ~~Transmission media includes coaxial cables, copper wires and fiber optics, including the wires that comprise bus 1002. Transmission media can also take the form of acoustic or electromagnetic waves, such as those generated during radio-wave, infra-red, and optical data communications.~~
